

Ashlee Richardson began playing ball when she was five years old. She played baseball until she was nine. Then West Boise Little League started a girls softball program and Ashlee was hooked. She played with West Boise until she started High School. She played for the Firebirds the summer before high school. She joined the Boise Blast when she was 14. She made the Varsity team at Mountain View High School as a Freshman and became the starting 2<sup>nd</sup> baseman that same year. She started as shortstop in her sophomore year and has been there since. She plays second base and shortstop for the Boise Blast. She knows how lucky she is to have made the choice to join this team. It has been the best experience!

Ashlee loves softball. She will be playing for Wenatchee Valley College on an Athletic Scholarship starting in the fall of 2009. She is really excited for her next adventure.
